

Customized Aluminium Window Anti Fall System With Anti Falling Wire And Rope

Our Product Introduction

for more products please visit us on aluminum-windowhardware.com

Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: A1
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: T/T
- Supply Ability: 3000000pcs/mon

Product Specification

- Warranty: 3 Years
- After-sale Service: Online Technical Support, Onsite Training, Onsite Inspection, Return And Replacement
- Project Solution Capability: Graphic Design, Total Solution For Projects
- Application: Hotel,home,office
- Design Style: Modern
- Type: N/M
- Product Name: Sales Anti-Fall Safety Wire Rope For Window
- Material: Aluminum 6063-T5,Stainless Steel
- Color: Black,Silver
- Usage: Window
- Size: Custom Made
- Function: Fall Protection
- Feature: Convenient
- Packaging: Carton Box

Product Description

Customized Aluminium Window Anti Fall System With Anti Falling Wire And Rope

Product Specifications

Attribute	Value
Warranty	3 years
After-sale Service	Online technical support, Onsite Training, Onsite Inspection, Return and Replacement
Project Solution Capability	graphic design, total solution for projects
Application	Hotel, home, office
Design Style	Modern
Type	N/M
Product name	Sales Anti-Fall Safety Wire Rope For Window
Material	Aluminum 6063-T5, Stainless steel
Color	Black, Silver
Usage	Window
Size	custom made
Function	fall protection
Feature	Convenient
Packing	Carton Box

Product Description

The Customized Aluminium Hardware Window Anti-Fall System with Anti-Falling Wire And Rope is a crucial safety feature for aluminium windows. It is custom-made to fit different window types precisely. The anti-falling wire and rope, made of strong materials, are key elements that are installed to connect the window frame firmly.

This system provides enhanced safety, especially in high-rise buildings. It helps prevent the window from accidentally falling due to various reasons like component wear or strong winds. The aluminium hardware is durable and corrosion-resistant, and the overall system is designed to meet safety requirements, ensuring the safety of people and property around the window.

Key Features

Material: Aluminium (for the hardware parts) along with high-strength wire/rope materials

Installation: Professional installation required to ensure proper connection and functionality

Applicability: Suitable for various aluminium-framed windows in residential, commercial, and industrial buildings

Durability: Corrosion-resistant aluminium parts with long-service-life wire/rope components

Technical Specifications

Product Name	Window sash quick install anti-fall stainless steel wire
Main Ingredient	6063-T5 virgin aluminum, 304 stainless steel
Function	Prevent window sash from falling
Volume	Can be customized according to demand

Packaging details: Normal packing or packing according to customer's requirement

Delivery date: 10 ~ 20 days after deposit.
