Product Description

This aluminium joint corner is a crucial part for aluminium hardware window sashes. It is an OEM item. The 45-degree connection design makes it fit perfectly for windows. Made of aluminium, it offers durability and strength. It helps in assembling the window sashes precisely, ensuring a seamless and sturdy structure.

The high-quality aluminium material is resistant to corrosion, which enhances its lifespan. This joint corner plays a vital role in the overall functionality and appearance of the window. It allows for easy installation and provides a reliable connection, making it an ideal choice for window manufacturing.

Support mold customization

Quick Details
