Product Description

Aluminum Profile Hot Connector Iron Joint For Thailand Style Door And Window Frames

Product Overview

The Aluminum Profile Hot Connector Iron Joint is specifically designed for Thailand-style door and window frames. This precision-engineered component provides exceptional strength and stability while enhancing the structural integrity of aluminum profiles.

Key Features

- Made from 6063-T5 primary aluminum for superior durability
- Provides secure corner connections for door/window frames
- Available with optional surface treatments (aluminum surface/sandblasting)
- Modern design complements architectural aesthetics
- 3-year warranty for guaranteed performance

Technical Specifications

Product Name	Aluminum Corner Joint
Material	6063-T5 primary aluminum
Color	Primary Colors
Application	Hotel, home, office
Usage Scenarios	Aluminum profile doors and windows
Packing	Carton Box (500pcs/carton or custom)
Warranty	3 years

Product Advantages

Our hot connector iron joint ensures a secure and seamless connection between aluminum profiles, creating a sturdy framework for Thailand-style doors and windows. The design offers both structural integrity and aesthetic appeal.

Additional Services

- OEM/ODM services available
- Free samples upon request
- Project solution capability including graphic design
- Comprehensive after-sale support
- Mold customization available
