Product Description

Solid Polished Surface Aluminum Window Corner Joint for Middle East Market

Product Description

This solid and durable aluminum window corner joint with a polished surface is specifically designed for the Middle East market. Manufactured from high-quality 6063-T5 primary aluminum, it is engineered to withstand harsh environmental conditions while maintaining structural integrity.

The polished surface provides an elegant, sleek appearance that enhances the aesthetic appeal of windows and doors. This component ensures strong, stable corner connections for improved window security and durability.

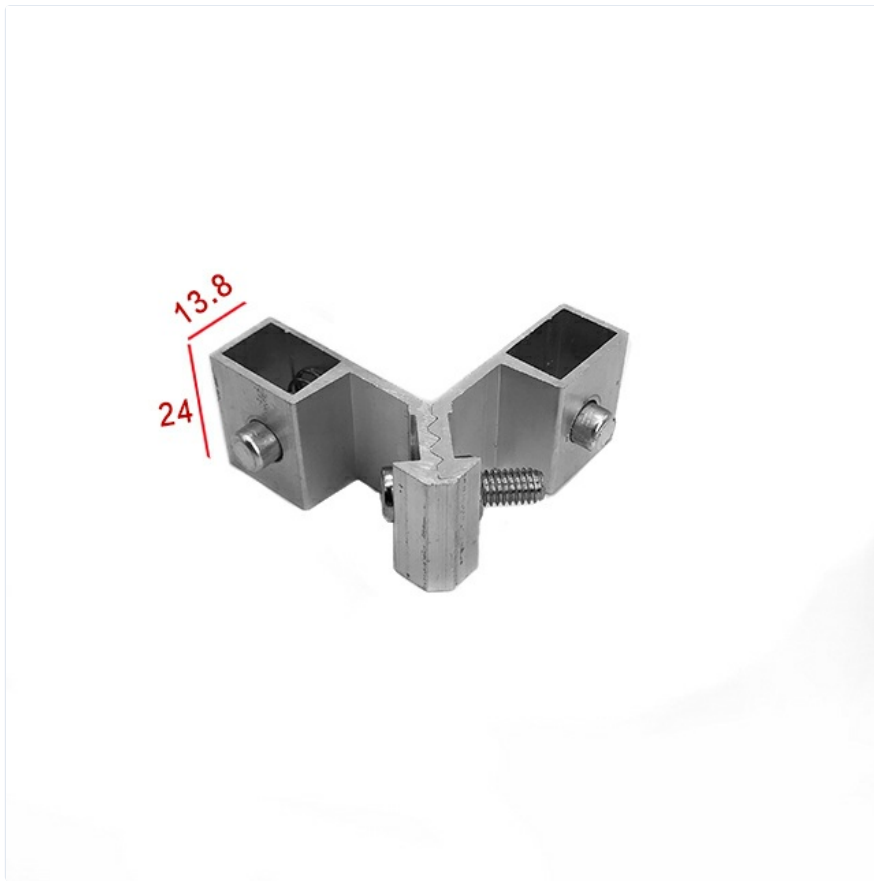

Key Features:

- Premium 6063-T5 aluminum construction
- Polished surface finish options available
- Engineered for Middle East climate conditions
- Supports mold customization
- 1-year warranty included
