Product Description

This is a customized aluminium hardware corner joint intended for use in folding doors or windows located at the front of a shop. The aluminium material is chosen for its durability and ability to resist corrosion.

This corner joint is custom-made to meet specific needs, ensuring a seamless fit for the folding doors or windows. It creates a secure connection at the corners, facilitating the smooth operation of the folding mechanism. This is essential for both the functionality and aesthetic appeal of the shop front.

Support mold customization
