

## Aluminium Corner Joint for Sliding Glass Door And Window Frame

Our Product Introduction

for more products please visit us on [aluminum-windowhardware.com](http://aluminum-windowhardware.com)

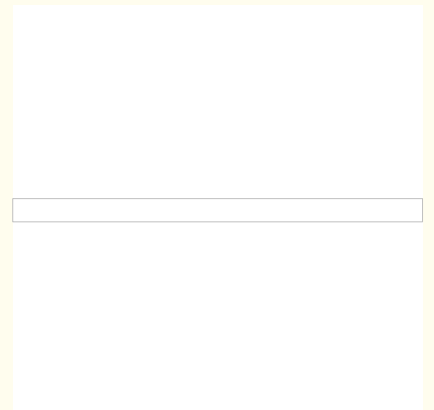

### Basic Information

- Place of Origin: China,GUA
- Brand Name: XUANQING
- Minimum Order Quantity: 500 pieces
- Price: \$0.28/pieces 500-1999 pieces
- Payment Terms: TT

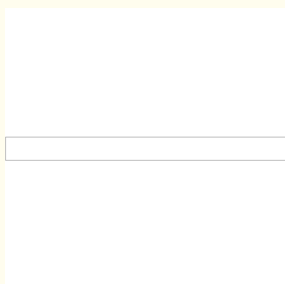

### Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Onsite Training, Onsite Inspection, Free Spare Parts, Return And Replacement
- Project Solution Capability: Graphic Design, Total Solution For Projects
- Application: Hotel,home,office
- Design Style: Modern, Modern
- Type: N/M, Window Accessories
- Product Name: Aluminum Corner Joint
- Material: 6063-T5 Primary Aluminum
- Color: Primary Colors
- Usage Scenarios: Aluminum Profile Doors And Windows
- Function: Connecting The Corner Of The Door Or Window Spelling
- Feature: Durable And Solid
- Packing: Carton Box

## Product Description

### Aluminium Corner Joint for Sliding Glass Door And Window Frame

#### Key Features

- Material: 6063-T5 primary aluminum for high strength and corrosion resistance
- Essential component for structural stability of sliding glass door and window frames
- Enables smooth sliding operation while maintaining system integrity
- Available with optional surface treatments (aluminum surface/sandblasting)
- Custom mold solutions available for specialized applications

| Application                 | Hotel, home, office                                                                                    |
| Material                    | 6063-T5 primary aluminum                                                                               |
| Usage Scenarios             | Aluminum profile doors and windows                                                                     |
| Packing                     | Carton Box (500pcs/carton standard or custom)                                                          |

#### Technical Specifications

This aluminum alloy corner joint provides a durable connection solution for sliding glass door and window frames. The 6063-T5 aluminum material ensures excellent strength-to-weight ratio and corrosion resistance, making it ideal for both interior and exterior applications.

#### Usage Applications

Suitable for all types of aluminum or UPVC casement windows, swing sliding windows/doors, French doors and windows, and hinged doors/windows. Ideal for modern architectural designs in residential, commercial, and hospitality settings.
