Product Description

This aluminium hardware corner joint is specifically designed for doors and windows in office meeting rooms. It comes with glue for enhanced installation. The aluminium material provides durability and a sleek appearance. This corner joint is crucial for ensuring the structural integrity of the doors and windows in the office environment. The glue helps in creating a more secure and stable connection, reducing the risk of loosening or coming apart over time. This product is ideal for maintaining a professional and aesthetically pleasing look in office meeting rooms while ensuring the proper functioning of the doors and windows.

Support mold customization
