

Aluminium Solar Panel Rail Clamps With Nut For Roof Carport Ground Brackets

Our Product Introduction

for more products please visit us on aluminum-windowhardware.com

Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: Roof Clamp, carport clamp, ground brackets clamp
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: T/T
- Supply Ability: 3000000pcs/mon

Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support
- Project Solution Capability: Graphic Design, Cross Categories Consolidation
- Application: Apartment
- Design Style: Modern
- Type: Solar Panel Mounting Aluminum Rail Connector
- Highlight: **Carport Solar Panel Rail Clamps, Roof Solar Panel Rail Clamps, Ground Brackets Aluminium Mid Clamp**

Product Description

Aluminium Solar Panel Rail Clamps With Nut For Roof Carport Ground Brackets

Product Specifications

Attribute	Value
Warranty	1 Year
After-sale Service	Online technical support
Project Solution Capability	Graphic design, Cross Categories Consolidation
Application	Apartment
Design Style	Modern
Type	Solar Panel Mounting Aluminum Rail Connector

Product Description

The Aluminium Hardware mid clamp for solar panel mounting is an essential component in photovoltaic installations. Manufactured from high-quality aluminum, it provides exceptional durability and corrosion resistance. This mid clamp securely fastens solar panels to aluminum rail connectors, ensuring stable and proper installation. The included nut prevents loosening or movement, maintaining system integrity.

Key Features

- Material: High-grade aluminum
- Function: Secures solar panels to aluminum rail connectors
- Components: Includes mid clamp and fastening nut
- Advantages: Durable construction, corrosion-resistant, provides secure fastening
- Customization: Support for mold customization available

Technical Specifications

Component	Function	Features
Rail	Supports and fixes solar panels	High strength and corrosion resistance
Mid clamp	Connects and fixes solar panels	Aluminum alloy construction for stability
Solar clamp	Secures solar panels	High strength and corrosion resistance
Connectors	Links system components	Enhances mounting system stability and reliability
Bases	Supports entire system	Aluminum alloy construction with corrosion resistance
Aluminum nuts	Fastens components	High strength and corrosion resistance

Manufacturer Profile

Foshan Xuanqing specializes in manufacturing high-quality aluminum accessories for photovoltaic systems, including custom mid clamps and side clamps. Our 4,500 square meter production facility features:

- 13 automated production lines
- 3 standard production lines
- 36 stamping equipment units

We offer comprehensive services including product design, sampling, and production based on customer specifications. Our in-house mold development capabilities ensure fast turnaround times, high precision, and short production cycles.
