

Aluminium Apartment Solar Panel End Clamps With Aluminum Rail Connector

Our Product Introduction

for more products please visit us on aluminum-windowhardware.com

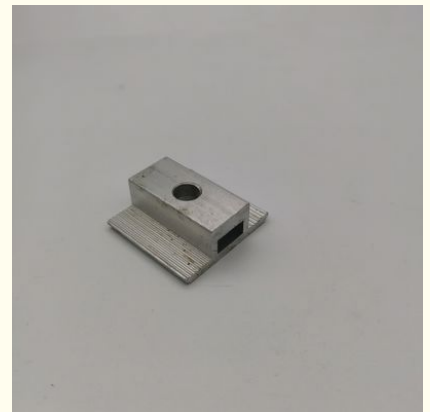

Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: Roof Clamp, carport clamp, ground brackets clamp
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: TT
- Supply Ability: 3000000pcs/mon

Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support
- Project Solution Capability: Graphic Design, Cross Categories Consolidation
- Application: Apartment
- Design Style: Modern
- Type: Solar Panel Mounting Aluminum Rail Connector
- Highlight: **Apartment Solar Panel End Clamps, Aluminium Solar Panel End Clamps, Solar Panel Aluminum Rail Connector**

Product Description

Aluminium Apartment Solar Panel End Clamps With Aluminum Rail Connector

Product Attributes

Warranty	1 Year
After-sale Service	Online technical support
Project Solution Capability	graphic design, Cross Categories Consolidation
Application	Apartment
Design Style	Modern
Type	Solar Panel Mounting Aluminum Rail Connector

Product Description

The Aluminium Hardware apartment solar panel mounting end clamps with aluminum rail connector are essential components for secure solar panel installations in apartment buildings. Manufactured from high-quality aluminum, these end clamps provide exceptional durability and corrosion resistance. They are engineered to firmly secure solar panel edges to aluminum rail connectors, ensuring stability and proper installation. This combination creates a reliable mounting system specifically designed for apartment solar setups.

Key Features

- Material: High-grade aluminum construction
- Function: Secures solar panel edges with aluminum rail connector
- Components: Includes end clamps and aluminum rail connector
- Advantages: Durable, corrosion-resistant, ideal for apartment installations
- Customization: Supports mold customization

Specifications

Accessory Name	Function	Features
Rail	Support and fix solar panels	High strength and corrosion resistance
Mid clamp	Connect and fix solar panels	Aluminum alloy construction for stability
Solar clamp	Fix solar panels	High strength and corrosion resistance
Connectors	Connect various components	Enhances system stability and reliability
Bases	Support the entire system	Aluminum alloy with corrosion resistance
Aluminum nuts	Fix various components	High strength and corrosion resistance

Company Profile

Foshan Xuanqing specializes in manufacturing high-quality aluminum accessories for photovoltaic systems, including custom mold production for mid clamps and side clamps. Our 4500 square meter production facility features 13 automatic lines, 3 standard production lines, and 36 stamping equipment units, ensuring strong production capabilities. We offer comprehensive services from product design and sampling to full production, accommodating custom requirements based on customer drawings and samples. Our independent mold development capabilities feature fast turnaround times, high precision, and short production cycles.
