Product Description

Silver Aluminum Solar Panel Hardware Clip And Mid Clamp For Apartment

Product Attributes

Attribute	Value
Warranty	1 Year
After-sale Service	Online technical support
Project Solution Capability	graphic design, Cross Categories Consolidation
Application	Apartment
Design Style	Modern
Type	Solar Panel Mounting Aluminum Rail Connector

Product Description

The silver aluminum solar panel hardware clip and mid clamp for apartment installation are high-quality components designed to ensure a secure and stable mounting of solar panels in apartment buildings. Made of silver aluminum, these clips and mid clamps offer durability and resistance to corrosion. They are engineered to fit perfectly with solar panels and provide a reliable connection to the mounting structure. With their sleek silver finish, they not only serve a practical purpose but also add an aesthetic touch to the apartment's solar installation.

Support mold customization

Quick Details

Material: Silver aluminum

Function: Secure solar panels for apartment installations with clips and mid clamps

Advantage: Durable, corrosion-resistant, aesthetically pleasing

Application: Ideal for solar panel installations in apartments

Specification

Accessory Name	Function	Features
Rail	Support and fix solar panels	High strength and corrosion resistance.
Mid clamp	Connect and fix solar panels	Made of aluminum alloy, ensuring stability.
Solar clamp	Fix solar panels	High strength and corrosion resistance.
Connectors	Connect various components	Improve the stability and reliability of the solar mounting system.
Bases	Support the entire system	Made of aluminum alloy and corrosion-resistant.
Aluminum nuts	Fix various components	High strength and corrosion resistance.
