

## Aluminum Frame Solar Panel Rail Clamps for Modern Apartment PV Mounting System

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: Roof Clamp, carport clamp, ground brackets clamp
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: TT
- Supply Ability: 3000000pcs/mon

### Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support
- Project Solution Capability: Graphic Design, Cross Categories Consolidation
- Application: Apartment
- Design Style: Modern
- Type: Solar Panel Mounting Aluminum Rail Connector
- Highlight: Aluminum Frame Solar Panel Rail Clamps, PV Mounting Solar Panel Rail Clamps, Apartment Solar Rail Clamps

## Product Description

# Aluminum Frame Solar Panel Rail Clamps for Modern Apartment PV Mounting System

## Product Attributes

| Attribute                   | Value                                          |
|-----------------------------|------------------------------------------------|
| Warranty                    | 1 Year                                         |
| After-sale Service          | Online technical support                       |
| Project Solution Capability | graphic design, Cross Categories Consolidation |
| Application                 | Apartment                                      |
| Design Style                | Modern                                         |
| Type                        | Solar Panel Mounting Aluminum Rail Connector   |

## Product Description

The Aluminum Frame PV Solar Module Mounting System with a modern design is an ideal solution for installing solar panels on apartments. The system features an aluminum frame that is lightweight yet sturdy, providing reliable support for the solar modules.

The modern design not only enhances the aesthetic appeal but also ensures efficient installation and maximum energy output. The apartment solar panel clamp securely holds the solar panel in place, preventing any movement or damage. This mounting system is easy to install and maintain, making it a practical choice for those looking to harness solar energy in an urban environment.

Support mold customization available.

## Quick Details

- **Material:** Aluminum frame
- **Design:** Modern
- **Function:** Mounting system for solar panels on apartments
- **Advantage:** Lightweight, sturdy, aesthetically pleasing, easy to install and maintain
- **Application:** Apartments

## Specification

| Accessory Name | Function                     | Features                                                           |
|----------------|------------------------------|--------------------------------------------------------------------|
| Rail           | Support and fix solar panels | High strength and corrosion resistance                             |
| Mid clamp      | Connect and fix solar panels | Made of aluminum alloy, ensuring stability                         |
| Solar clamp    | Fix solar panels             | High strength and corrosion resistance                             |
| Connectors     | Connect various components   | Improve the stability and reliability of the solar mounting system |
| Bases          | Support the entire system    | Made of aluminum alloy and corrosion-resistant                     |
| Aluminum nuts  | Fix various components       | High strength and corrosion resistance                             |

## Company Profile

Foshan Xuanqing Company specializes in manufacturing aluminum accessories for photovoltaic systems. We can customize molds for accessories such as mid clamps and side clamps.

Our company has a production base of 4500 square meters and a fully modern production line, including 13 automatic lines, 3 ordinary production lines, and 36 stamping equipment. We have strong production capacity and can conduct product design, sampling, and production according to customers' specific requirements and provided drawings/samples.

We offer independent mold-opening capabilities with fast mold-opening speed, high precision, and short production cycles

to meet personalized product demands.

## Packing & Delivery

Our products are carefully packaged to ensure safe transportation and delivery. We offer flexible shipping options to meet your project timelines.
