Product Description

These aluminium corner joints are essential hardware accessories for screen window frame corner joints. Crafted from high-quality aluminium, they offer a perfect solution for assembling screen window frames with precision and durability.

The aluminium material provides excellent resistance to corrosion, making them suitable for various environmental conditions, whether it's in a humid coastal area or a dry inland region. These corner joints are designed to fit snugly into the corners of the window frames, ensuring a secure and stable connection that can withstand daily use and potential impacts.

Their sleek and minimalist design also adds a touch of elegance to the overall appearance of the screen windows, without compromising on functionality. Installation is straightforward, saving both time and effort for installers. Whether for new window frame construction or the repair and upgrade of existing ones, these aluminium corner joints are a reliable choice.
