After-sale Service	Online Technical Support, Onsite Training, Other
Project Solution Capability	Graphic Design, Total Solution For Projects, Others
Application	All The Scenarios
Design Style	Modern
Type	Friction Stay
Highlight	Top Hung Window Friction Stay, Stainless Steel Window Friction Stay, 14 Inch Top Hung Friction Hinge

Product Description

A 14 Inch Stainless Steel Top Hung Window with Friction Stay Telescopic Hinges designed as versatile door and window accessories for all scenarios. This top-hung window features a 14-inch stainless steel frame paired with friction stay telescopic hinges, offering adjustable opening angles and smooth, controlled operation.

The corrosion-resistant stainless steel construction ensures durability in various environments, while the telescopic hinges provide flexibility for ventilation and easy cleaning. Ideal for residential, commercial, and industrial use, this window combines strength, weather resistance, and practical design to suit diverse architectural needs.

The friction stay mechanism enhances safety by preventing sudden closure, making it suitable for high-traffic areas or spaces requiring reliable ventilation solutions.

Quick Details

Primary Material: Stainless steel frame, telescopic hinges

Application: Top-hung windows for all scenarios (residential, commercial, industrial)

Benefits: Durable, weather-resistant, easy to clean, reliable ventilation

Design: Strong, practical, versatile

Compatibility: Suitable for diverse window designs and architectural styles
