Product Description

Stainless Steel 201/304 Long Continuous Piano Hinges are versatile hardware solutions designed for doors, windows, boxes, cabinets, and furniture. Available in 201 and 304 stainless steel grades, these hinges offer durable, corrosion-resistant performance for diverse applications.

The continuous design ensures seamless support across extended spans, distributing weight evenly to minimize stress on attachment points. 201 stainless steel provides cost-effective strength for general indoor use and light industrial environments, while 304 grade offers superior corrosion resistance ideal for humid, outdoor, or marine settings.

With a smooth surface finish and robust construction, these hinges balance functional reliability with aesthetic appeal, suitable for residential, commercial, and industrial fixtures. Pre-drilled holes (if specified) enable easy installation, making them a practical choice for large-scale or precision mounting needs.
