Product Description

A 72-inch 304 stainless steel marine piano hinge with a satin mirror finish and 2mm thickness is engineered for boat hatches. The double-row hole configuration ensures reinforced mounting and precise alignment, distributing weight evenly to withstand marine vibrations and wave impacts. Crafted from corrosion-resistant 304 stainless steel, this hinge offers superior durability in saltwater environments, while the satin mirror finish reduces glare and resists fingerprint smudges. The 2mm thickness provides robust load-bearing capacity for heavy hatches, and its continuous design minimizes stress on attachment points. Ideal for coastal or offshore vessels, this hinge combines rust resistance with reliable performance, ensuring long-term functionality in harsh marine conditions.
