

Premium 304 Stainless Steel Circular Groove Friction Hinge Door & Window Accessories for Aluminum Windows

Our Product Introduction

for more products please visit us on aluminum-windowhardware.com

Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: SH-113
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: T/T
- Supply Ability: 3000000pcs/mon

Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Onsite Training, Other
- Project Solution Capability: Graphic Design, Total Solution For Projects, Others
- Application: All The Scenarios
- Design Style: Modern
- Type: Friction Stay
- Highlight: Top Hung Window Friction Stay, Stainless Steel Window Friction Stay, 14 Inch Top Hung Friction Hinge
- Highlight: **Aluminum Windows Friction Hinge, Stainless Steel Friction Hinge, Circular Groove Friction Hinge**

Product Description

Premium 304 Stainless Steel Circular Groove Friction Hinge Door & Window Accessories for Aluminum Windows

Product Attributes

Warranty	1 Year
After-sale Service	Online Technical Support, Onsite Training, Other
Project Solution Capability	Graphic Design, Total Solution For Projects, Others
Application	All The Scenarios
Design Style	Modern
Type	Friction Stay

Product Highlights

Top Hung Window Friction Stay

Stainless Steel Window Friction Stay

14 Inch Top Hung Friction Hinge

Product Description

Designed for aluminum windows and doors, this high-performance friction hinge combines durability with precision engineering. Crafted from premium 304 stainless steel, it offers exceptional resistance to corrosion, rust, and daily wear, making it ideal for both indoor and outdoor applications.

The circular groove design enhances friction stability, allowing smooth and silent operation while maintaining precise positioning of windows/doors at any open angle. Its robust structure ensures long-term reliability, even in high-frequency use scenarios.

Key Features

- Material: Premium 304 stainless steel
- Type: Circular groove friction hinge
- Application: Aluminum windows and doors
- Corrosion-resistant & rust-proof construction
- Smooth, silent operation with precise positioning
- Durable structure for high-frequency use
- Circular groove design for enhanced friction stability

Advantages

- Long-lasting performance in various environments
- Easy installation and maintenance
- Compatible with modern aluminum window systems
- Meets international durability and safety requirements
